Organism Cards, Marine Food Web

Aquatic: Marine Ecosystem

Krill

Consumer

Diet Includes: phytoplankton, zooplankton

Predators Include: cod

Aquatic: Marine Ecosystem

Phytoplankton

Producer

Diet Includes: transforms the energy of the sun to make food

Predators Include: krill, cod, zooplankton

Aquatic: Marine Ecosystem

Zooplankton

Consumer

Diet Includes: phytoplankton

Predators Include: squid, cod, krill

Aquatic: Marine Ecosystem

Cod

Consumer

Diet Includes: zooplankton, phytoplankton, krill

Predators Include: leopard seal

Aquatic: Marine Ecosystem

Sun

The ultimate source of energy

Aquatic: Marine Ecosystem

Leopard Seal

Consumer

Diet Includes: cod, squid

Predators Include: Killer Whale

Aquatic: Marine Ecosystem

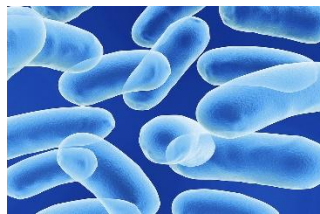

Squid

Consumer

Diet Includes: zooplankton,

Predators Include: leopard seal, elephant seal, killer whale

Aquatic: Marine Ecosystem

Bacteria

Decomposer: Breaks down plant and animal remains and waste into molecules that producers can reuse to make energy.

Aquatic: Marine Ecosystem

Elephant Seal

Consumer

Diet Includes: squid

Predators Include: killer whale

Organism Cards, Forest Food Web

Terrestrial: Forest Ecosystem

Plants

Producer

Diet Includes: transforms the energy of the sun to make food

Predators Include: chipmunks, mice, deer, insects, skunks, coyotes

Terrestrial: Forest Ecosystem

Insects

Consumer

Diet Includes: plants

Predators Include: coyotes, chipmunks, mice, skunks, toads, spiders

Terrestrial: Forest Ecosystem

Spiders

Consumer

Diet Includes: insects

Predators Include: coyotes, toads, snakes, owls

Terrestrial: Forest Ecosystem

Toads

Consumer

Diet Includes: insects, spiders

Predators Include: coyotes, snakes

Terrestrial: Forest Ecosystem

Deer

Consumer

Diet Includes: plants

Predators Include: coyotes

Terrestrial: Forest Ecosystem

Mice

Consumer

Diet Includes: insects, plants

Predators Include: coyotes, owls, snakes, skunks

Terrestrial: Forest Ecosystem

Chipmunks

Consumer

Diet Includes: insects, plants

Predators Include: coyotes, owls, skunks

Terrestrial: Forest Ecosystem

Snakes

Consumer

Diet Includes: mice, toads, spiders

Predators Include: owls

Terrestrial: Forest Ecosystem

Owls

Consumer

Diet Includes: snakes, spiders, mice, chipmunks, skunks

Explore

Organism Cards, Desert Food Web

Terrestrial: Desert Food Web

Kit Fox

Consumer

Diet Includes: lizards, snakes, rodents

Terrestrial: Desert Food Web

Hawk

Consumer

Diet Includes: lizards, snakes, rodents, tarantula

Terrestrial: Desert Food Web

Cacti, Plants, and other Vegetation

Producer

Diet Includes: transforms the energy of the sun to make food
Predators Include: rodents, insects

Terrestrial: Desert Food Web

Sun

The ultimate source of energy

Terrestrial: Desert Food Web

Snakes

Consumer

Diet Includes: lizards, rodents
Predators Include: kit fox, hawk

Terrestrial: Desert Food Web

Lizards

Consumer

Diet Includes: insects, scorpion
Predators Include: hawk, kit fox

Terrestrial: Desert Food Web

Scorpion

Consumer

Diet Includes: insects
Predators Include: tarantula, lizard

Terrestrial: Desert Food Web

Tarantula

Consumer

Diet Includes: insects, scorpions
Predators Include: lizard, snake, hawk

Terrestrial: Desert Food Web

Insects

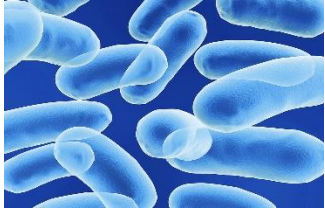

Consumer

Diet Includes: vegetation, insects
Predators Include: tarantulas, scorpions, lizards, rodent
